Notes:

It may take up to a minute to create the map document. Please be patient.

The map will be centered at the same location as the map shown beside this form.

The map will be generated and shown in Adobe Acrobat (.pdf) format.

When printing the map, be sure to print it at the the same page size that was specified above so the scale will be accurate. Also, be sure to set the Page Scaling in the Page Handling section to none if you want it printed at a scale you specified.
